Phoenix, AZ 85007-2996

Dear Commissioners:

On behalf of the 325 members of the Kingman Golden Valley Association of Realtors, I am writing to request your approval of the application for the Hualapai Valley Solar project in Kingman.

Our area of Mohave County has been hard hit by the recession. Mohave County, and particularly the greater Kingman area, is in desperate need of economic growth if we are to be able to support our families and our community.

This is a good project. It will provide approximately 1500 jobs during the 2.5 year construction phase and 100 permanent, full time jobs after completion. Add to that the secondary and tertiary jobs created by direct employment as well as goods and services purchased locally. The project will contribute significantly to local revenue as well in the form of property tax, sales tax, and corporate tax monies. The project will help to make Arizona and Mohave County the focal point for solar development, and attract related businesses to the area.

We need Hualapai Valley Solar. We respectfully request your consideration of this important project, and your approval to move it forward.

Very truly yours,

KINGMAN/GOLDEN VALLEY ASSOCIATION OF REALTORS
